

**The Corpus Christi People's Voting Guide is a publication of the Corpus Christi People's Assembly, published with the intent to provide the community with a new and different type of voting resource — one that asks specific, policy based questions of the city council candidates, relevant to the city's direct needs. The Corpus Christi People's Assembly is a community-based coalition of non-partisan grassroots organizations working to develop a people's platform that will serve to empower and educate communities. Participating organizations include the Corpus Christi Democratic Socialists of America, For the Greater Good, the Corpus Christi Immigration Coalition, and the Corpus Christi AFT.**
